Hi Steve and Emily,

Please find attached:

- 26-BRF-00958 – Maintaining domestic cement manufacturing in NZ – draft Cabinet paper
- 26-CAB-00966 - Maintaining domestic cement manufacturing in NZ.
- **9(2)(h)**

Please note:

- **9(2)(h)**

Classification If there is any other policy intent Jack considers should be relayed, please let me know.

- At the direction of Treasury, we have included all possible options in the Cabinet paper, to align with the broad scope of the budget initiative for a tagged contingency.
- The Cabinet paper is with agencies (MBIE, MFAT, Treasury, MfR) for comment, so doesn't reflect agencies views (with the exception of the financial analysis, which Treasury has reviewed).
- We propose to discuss these papers with the Minister at officials on Monday.
- We have prepared a RIS and CIPA. The RIS is being reviewed by a RIS panel tomorrow. We will get both of these through to you early next week.

@Advice – please note that I have sent this directly given it is commercially sensitive and therefore I have not sent it via the usual distribution list intentionally.

Thank you

Jane
