

Consistency Accountability Statement: Climate Change Response Amendment Bill

Agency responsible	Ministry for the Environment
Portfolio	Climate Change
Date finalised	15 June 2026
Identification number	REG- 1753 (Local Adaptation planning) REG-1226 (Market Governance) REG-1726 (Industrial allocation) REG-1787 (Resetting the timeframes for deforestation tests) REG-2120 (Forestry technical changes) REG-1715 (Importing CO ₂ as a new mandatory activity) REG-1920 (General power to add mandatory activity to Sch 3) REG-1891 (Biennial review)

Statement of Review

I confirm that the Ministry for the Environment has assessed the above legislation, and the process for developing it, for consistency with the principles of responsible regulation as set out in section 9 of the Regulatory Standards Act 2025.

This assessment identified no inconsistencies with the principles of responsible regulation.

Becky Prebble
Deputy Secretary – Climate Change and Resource Efficiency
Ministry for the Environment
